Social/Organizational skills and competences

In the two years spent in the startup environment I've developed good teamwork skills; the capacity to handle stressful situations keeping a positive attitude; finally good communication skills: in particular the ability to convey succinctly the meant message.

Technical skills and competences

Good at solving problems of different nature with a scientific approach to the issue, thanks, in the first place, to my education.

Computer skills and competences

Competent with most Microsoft Office programs and some experience with HTML. Good knowledge of programming languages as MATLAB and C++.

Driving licence(s)

B.

Honors and awards

25K grant assigned by TIMWCAP to the startup Byke in its 2014 startup call.

Additional information

Scooterino (previously Byke) is a scooter hail riding platform which provides an app to let people share scooter rides in traffic jammed cities. It's currently active in two main Italian cities.

Personal interests

Tennis, Nature, Environmental issues, Tech.
